Gentlemen, -

We have your letter of January 14, -1958 which states that you would like to have our catalog and price list on redwood seedlings and seed. we do not put out catalog or regular price list. we only handle special orders. and the price is according to quantie the costomer wants. I have regular costomers that order small trees and for resell them when they grow large enough planting out.

Seed we collect each year for wholesale purpose, in 1957 we collected and sold 530 lbs high grade (Sequoia Semperviren) redwood seed seed orders have to be ordered in advance of the collecting season which starts October first, till November 20, th, cones can be collected and dried. the dry cones have some value for christmas orniments .20 per gallon plus shipping charges. Redwood seed runs 90.000 seed per lb. about 15.000 will germinate if we have high grade seed to start with. we only collect high grade cones. if nature does not have good seed cones some years. which does happen that year we dont collect seed. enclosed is price list we hold close to.

Very truly Yours

Charles O. Williford
Charles O. Williford

P.S.

I wish to thank your department for the wanderful servise you have given me over the past 10 years.

Handwritten text below the small drawing, likely a label or description.
